CARD OF THANKS.

We wish to express our heartfelt gratitude to the many friends and relatives who so nobly assisted us during the illness, death and burial of our darling Mabel. May God in his infinite love and mercy provide each and every one with friends as kind and sympathizing when they or their loved ones shall meet with affliction is the prayer of
S. C. LAWRENCE,
NANCY C. LAWRENCE.

A BAD ACCIDENT.

George Lambert, while hunting on the sandbar east of town on Thursday, met with a serious accident. He was standing on a log when his foot slipped and in some way his gun was discharged. The loop of shot lacerated both hands and one or two shot struck him in the face. He was brought to town and Dr. J. L. Melvin dressed his wounds. One joint of the thumb, two joints of the first finger and one joint of the second finger on the right hand were taken off, and the shot had badly lacerated the back of the left hand. The young man was taken home. He is the son of William Lambert, living six miles southwest of Nemaha, and is about twenty years of age. It is probable both hands will be crippled.

WAR IN NEBRASKA.

Caleb Brogan brought the report to Nemaha Tuesday morning that there was a flock of geese in J. L. Haith's timber and that the big snow made their wings so wet they could not fly. He said Haith had killed seventeen with a club and Geo. Yackly had killed fourteen in the same manner. Steve Cooper hearing the report immediately called for volunteers to slay the entire army of geese, John Elliott, Hank Waterman, Frank Flack and Elmer Rumbaugh responded, and they organized by electing Steve Cooper captain, John Elliott first lieutenant, Elmer Rumbaugh second lieutenant, Hank Waterman orderly sergeant, and Frank Flack corporal. Capt. Cooper agreed to convey the company to the seat of action at 10 cents each. On the way they made all their plans of attack. Capt. Cooper and Lieut. Elliott were to attack in front and Lieut. Rumbaugh. Orderly Waterman and Corporal Flack were to attack in the rear. Capt. Cooper being very considerate, gave strict orders not to kill any but the best and largest geese. At this writing the orderlies has not made any report of the number killed. It is creating dissatisfaction for several reasons. One is that they knew it was unlawful to hunt on Haith's land, as he had advertised that he would not permit any one to hunt on his land. He came to town and demanded half of the game or he would prosecute them to the full extent of the law. George Yackly says it will be a great help to him as his hogs are not doing well and he will eat down the geese he got for his meat. Haith has not decided what he will do with his. Capt. Cooper has his dray for sale, as he will quit hauling sugar and devote his entire time killing geese.

High School

ROBERT FROST, { Editors.
HATTIE BURGESS, }

School opened Tuesday morning with eight pupils and at noon with twelve.

The ninth grade has finished philosophy and is taking rhetoric instead.

Our school will have one more literary exercise and then the pupils will have their regular studies for the remainder of the term.

Last week the boys were talking of the coming prize fight and betting on their favorite. This week some of them are unwilling to say Fitzsimmons is a best man yet.

We saw some strange actions between some of the smaller children a few days ago; when asked what they were doing they said: "We're playing Fitzsimmons and Gerbett."

Prof: "Who is the most popular man of the day?"

Pupil: "Robert Fitzsimmons."

We will now step out of the reporters shoes and let some of our class mates try them for the next month.

NED CROTHER, { Editors.
MINNIE YATES, }

Pearl, Sam and Charley Gillespie have entered school.

Our school had a spelling match Friday in which Nera Aynes spelled the school down.

The first spelling class is the champion class of the school; the second and third classes are not "in it."

On account of the storm Tuesday only nine pupils were present. There was not an imperfect recitation during the day.

Minnie Yates has been absent several days this week on account of sickness. Snowballing and "Deer" are the chief games now indulged in.

Dr. B. Bell Andrews, Jr., has made arrangements to leave here and move to Mound City, Mo., for the practice of his profession. Lale, as he is familiarly known here, is a surgeon of more than ordinary ability, and has had a large experience while associated with his father at this place for the past five years. He has also built up an enviable reputation as a physician and has enjoyed an extensive practice in this place. Dr. Gailford Andrews will associate himself with his father here, and take the place of Lale. The latter has the best wishes of everyone here in his new home, and the Press can unreservedly recommend him to the people of Mound City, both as a practitioner and a gentleman.—Stella Press.
